S. Chris Jackson  
Samuel Jackson Inc.  
P.O. Box 16587  
Lubbock, TX 79407

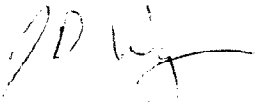

Dear Mr. Jackson,

I am writing to thank you for the financial assistance that you gave us for our trip to the cotton ginning short course in Mississippi. I felt that the course was very beneficial to me in several ways. The content of the curriculum was very thorough and provided great insight into the technical aspects of cotton ginning. Also, the instructors teaching the course were second to none. Their extensive knowledge of the ginning industry greatly added to the success of the class. Being able to meet and work with these men gives the students a great advantage in technical knowledge base as well as networking opportunities for the future.

I want to thank you again for the contributions your company has made in the past to the students in the agricultural engineering department at Texas A&M University. Our success as students and future leaders in the cotton industry would not be possible without the generous donations from companies like Sam Jackson Inc.

I appreciate the opportunity to learn more about cotton ginning that you have given us, and I hope to use the knowledge in a career in the cotton ginning industry. If there is ever anything that I can do to return your generosity, please let me know. Thank you again.

Sincerely,

John D. Wanjura
